

## Damage Status from Great Higashinihon Earthquake Report No. 2

We would like to extend our deepest sympathy to all victims of the great earthquake that occurred off the northeastern coast in the Pacific Ocean in the Tohoku region on March 11, 2011.

We would like to report the following information concerning damage incurred at our company group locations.

1. None of our locations and facilities has reported any fatalities or any serious building damage.
2. We have currently halted operation at the main production facilities below located in the affected areas. The power outage is currently being restored, and we are confirming the production facility damage and working towards resuming operation. We shall issue another report as soon as we can confirm when to expect operation to begin.

(1) Akita Shindengen Co., Ltd. (114-2, Aza Kamiyachi, Ooura, Yurihonjyo City, Akita)

(2) Higashine Shindengen Co., Ltd. (5600-1, Kou, Ooaza Higashine, Higashine City, Yamagata)

As of 11:00 a.m. March 15, 2011
