

Report on the Impact of the Current Floods in Thailand (5th Report)

The following is a report on the impact of the current floods in Thailand on our Group's manufacturing bases.

(1) SHINDENGEN (THAILAND) CO., LTD.

Location: 60/58 MOO 19 SOI NAVA NAKORN 13 KLONGNUENG,
KLONGLUANG, PATHUMTHANI 12120, THAILAND

Main Business: Manufacture and sale of car electronics products.
Manufacture of semiconductor products.

Though the floodwater in Nava Nakorn Industrial Promotion Zone has gradually started to recede, our factory is still submerged in water and the operations remain suspended. Our group companies and business partners in Japan, China, Indonesia and India have already started back-up production to compensate for the loss. We are also in the process of preparing an alternate production site in Thailand to resume operations in the country.

(2) LUMPHUN SHINDENGEN CO., LTD.

Location: NORTHERN REGION INDUSTRIAL ESTATE (I-EA-T Free Zone)
105 MOO 4, BANKLANG, MUANG, LUMPHUN 51000, THAILAND

Main Business: Manufacture of semiconductor products.
Manufacture of power supply products.

For now our overall production capacity is not reduced by the flood; however it has affected some of our suppliers. We are currently adjusting part of our semiconductor production line to cater to the changed situation.

We will continue to closely cooperate with our customers and business partners to maintain the supply of our products.

We will report any change in the situation, as and when further information becomes available.

As of 17:00 p.m. November 17, 2011
